## 1 Introduction

This have to be the introduction of the project

- 2    **Related Previous Work**
- 3    **Data exploration process**
- 4    **Resampling protocol**
- 5    **Results obtained using linear/quadratic methods**
- 6    **Results obtained using non-linear methods**
- 7    **Description and justification of the final model chosen**
  
- 8    **Self-assessment of successes, failures and doubts**
  
- 9    **conslusion**  
This is supposed to be the conclusion
- 10    **Possible extensions and known limitations**
  
- 11    **References**
